Group Experience
Edit
Field settings
Home » Administration » Structure » Content types » User groups » Manage fields » Group Experience
Attention!
These settings apply to the Group Experience field everywhere it is used. These settings impact the way that data is stored in the database and cannot be changed once data has been created.
Allowed values list
Beginner
Intermediate
Advanced
Expert
The possible values this field can contain. Enter one value per line, in the format key:label.
The key is the stored value. The label will be used in displayed values and edit forms.
The label is optional: if a line contains a single string, it will be used as key and label.
Allowed HTML tags in labels: <a> <b> <big> <code> <del> <i> <ins> <pre> <q> <small>   <sub> <sup> <tt>   <p>
