Home » Administration
There are updates available for your version of Drupal. To ensure the proper functioning of your site, you should update as soon as possible. See the available u
missing updates.
Download additional contributed modules to extend your site's functionality.
Regularly review and install available updates to maintain a secure and current site. Always run the update script each time a module is updated.

▼ CORE
Actions
▶ Perform tasks on specific events triggered within the system.
Activity Tracker
▶ Enables tracking of recent content for users.
Aggregator
▶ Aggregates syndicated content (RSS, RDF, and Atom feeds) from external sources.
Automated Cron
▶ Provides an automated way to run cron jobs, by executing them at the end of a server response.

Article
Use articles for time-sensitive content like news, press releases or blog posts.
Book page
Books have a built-in hierarchical navigation. Use for handbooks or tutorials.
Events
We want to use this to track all Drupal Lab events.
Forum topic
A forum topic starts a new discussion thread within a forum.
Basic page
Use basic pages for your static content, such as an 'About us' page.
User Groups
We will track Drupal groups here.
