Title
Upcoming Events
This link is provided by the Views module. The path can be changed by editing the view Upcoming Events
Link
Upcoming Events
Description
Shown when hovering over the menu link.
Enable menu link
Menu links that are not enabled will not be listed in any menu.
Show as expanded
If selected and this menu link has children, the menu will always appear expanded.
Parent link
-- Events Sponsored
The maximum depth for a link and all its children is fixed. Some menu links may not be available as parents if selecting them would exceed this limit.
Weight
0
Link weight among links in the same menu at the same depth. In the menu, the links with high weight will sink and links with a low weight will be positioned nearer the top.
Save
We put the upcoming events menu under the "Events Sponsored" menu, instead of main navigation menu.

In Drupal, you cannot just add menu link to all nodes in the article content type.

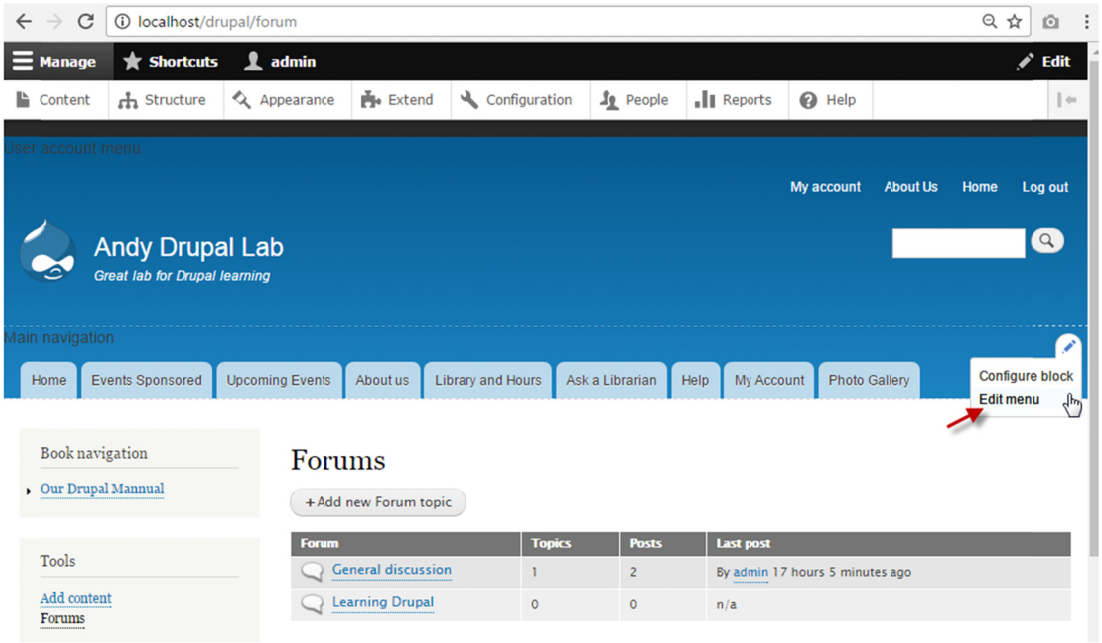

You created view, then you created menu!

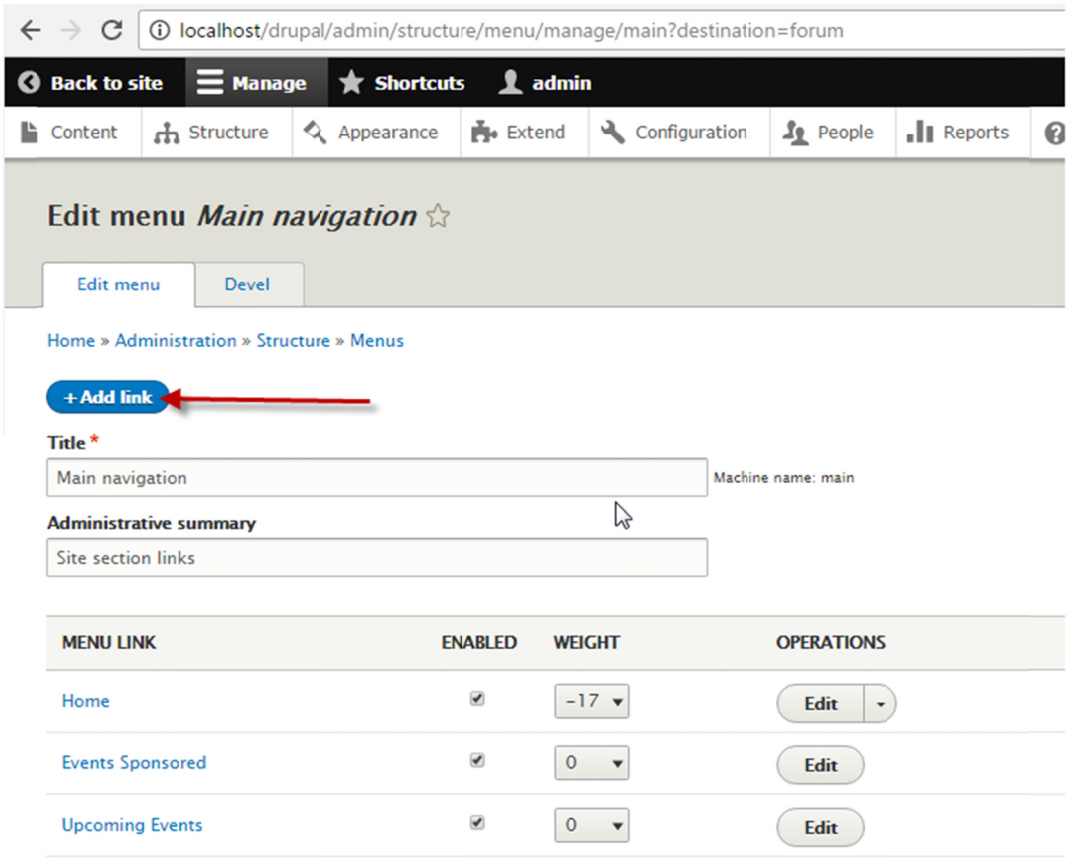

What if I need a link to a paticular node or paticular section of my site that does exist.

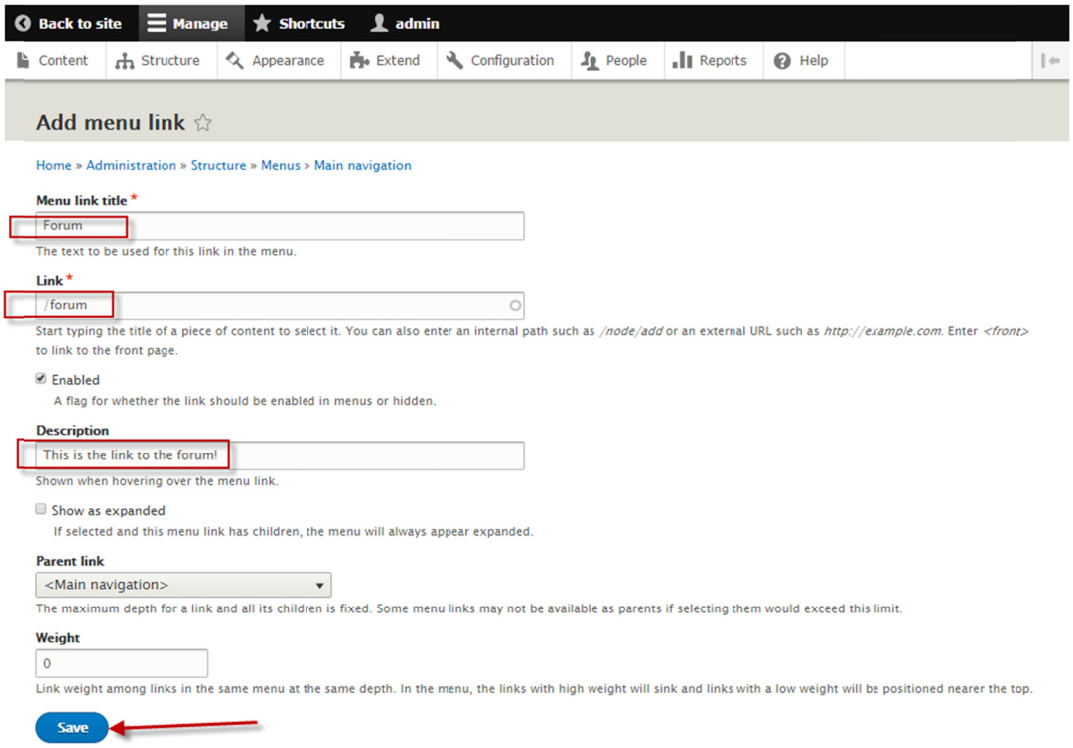

Look at the url and just copy and paste it! If I want to add a link to forum, what should I do!
