Introduction to themes

A drupal website can become any outlook you want it be.

Theme can make your website to look like anything it want.

Themes

1. Contributed themes at Drupal.org are FREE
2. Commercial Themes
3. Custom Themes
   - Artisteer.com
   - From Scratch

You can have contributed theme, and you can have base theme. You can also have starter theme, lik Zen and bootstrap which needs advanced css to make drupal like what you want.

Block Regions are determined by the theme
